A Relief of the Shenandoah.

Capt. F. N. Waddell, of this city, yesterday showed us a case presented to him in 1877, by the late Commodore James Iredell Waddell, commander of the famous Confederate privateer "Shenandoah." The case was cut at Malacca, by Commodore Waddell in the fall of 1856, while attached to the United States Naval Squadron then on duty. The stick was placed away with other relics, and during the late civil war, Commodore Waddell, after destroying forty-nine whaling steamers off the coast of New England, seized one of the ships containing a valuable cargo of whale blubber, oil and ivory. Seizing one of the teeth of a monster whale, he had the handle of the same made out of the same, and presented the stick to Capt. F. N. Waddell. The inscription on the gold band around the ivory handle reads: "James I. Waddell to Francis N. Waddell, Oct. 6th, 1877." The case, proper, was carried around the world by the gallant commander of the famous Shenandoah, and Chief Waddell prizes it very highly.

### THE HANDSOME BUS.

The handsomest bus ever brought to the city, is that of the Grand Central, which arrived last evening. It was purchased a few weeks ago in Cincinnati, by Mr. Sam Cledester, and the price paid for it was six hundred dollars. It is made of the finest material throughout, and was on exhibition for some time previous to the purchase, at the Cincinnati Exposition. The new Grand Central buildings, and the bridge connecting the same shows up elegantly. The trimmings are very fine, and it is undoubtedly the most elegant piece of coach painting ever seen in Western North Carolina. Large crowds of people critically inspected the bus last night as it drove up in front of the hotel, and the general exclamation was, "Isn't it a dandy?" "Charley" the big three hundred pound colored grand'ma man, who had stood over the "yellow tur" the Grand Central at all trains, was so happy that he forgot to collect the passengers' fares, and even refused a ten-cent cigar offered him by a drummer, in his glee. With new horses, new harness and new bus, the porter expects to create a monopoly in the transfer business at once.

The new bus is a beauty.

### YELLOW JACK.

#### The Epidemic in the Land of Flowers Increasing—A Sad State of Affairs.

JACKSONVILLE, August 29.—This morning's list of twenty-one cases, with sixteen others reported up to noon, has again set the people panic-stricken in every direction. To-day's train was filled with refugees en route to the north, and to-morrow will be likewise.

The hot, muggy and rainy weather of the past week is now having its effect and it is thought the number of cases will increase daily. The disease also seems to be assuming a violent type and people are greatly alarmed. This noon, Burdick & Berdick, the largest dry goods house remaining open, closed their doors and several firms in other lines did likewise. Groceries and drug stores are the principal places now open.

At the association meeting to-day strong motion was made of the need of good and experienced yellow fever nurses, and the committee were instructed to telegraph for such nurses, if, in the judgment of the committee, such nurses were needed. There are so many cases coming in that will tax both physical and moral courage.

The gravity of the situation is now acknowledged by the most hopeful, as September, always a bad month, is approaching, and it is thought that new cases will then come up to big figures daily.

At the meeting attention was also drawn to the fact that Jack Patton, who had been taken sick at Boulough, was turned back at Jacksonville without any assistance, which act resulted in his death. It was urged that some provision should be made for the treatment of the sick at Camp Perry. A resolution covering this point was adopted, reading as follows:

"WHEREAS, Citizens going to Camp Perry are likely to develop fever, and a proper examination of such cases is a matter of vital importance, and the moving of such parties to the hospitals of this city involves a great and unnecessary risk to their lives; therefore be it

Resolved, That the surgeon general of the Marine hospital services be requested to have a suitable hospital established near said camp at the earliest possible moment.

To-day has been dark, gloomy, and rainy. Quite a number of the patients are critically ill, among them Mrs. J. J. Crowley, wife of the manager of the Western Union office here, and Miss Minnie Bouse. Three or four have been discharged in the past twenty-four hours.

There is no longer a shadow of doubt that we have on our hands a regular epidemic of ill, and a few cases have been reported in the board of health for the twenty-four hours ending at 6 o'clock this evening. They are principally in the central and eastern parts of the city, the infection apparently being carried by the southeast winds of the past few days. In a northeasterly direction. Among the cases are Mrs. Judge McLean and two children; Miss Lead, telephone operator; Mrs. Hopkins, stamp clerk at the postoffice, and J. H. Stephens, local agent of the Savannah, Florida and Western railroad, who had returned from a post and is chairman of the railroad relief association, and Fayette Dancy, clerk in the internal revenue office. Four deaths were reported for the same time, among them Hugh D. Roberts, A. H. Smith and sister, Rose DeBart, and St. Joseph's. The citizens' association passed resolutions to-day requesting Surgeon-General Hamilton to establish a hospital near Camp Perry and leading colored citizens to-day organized an auxiliary association to assist the relief committee and help keep order. A strong resolution was passed denouncing as false telegrams to several northern papers to the effect that the colored people of Jacksonville were lawlessly plundering abandoned houses. These false reports were corrected two weeks ago by telegram by a committee of citizens, consisting of the acting mayor, president of the board of health, president of the citizens' sanitary association and the editor of the Times-Union. The colored people passed resolutions voicing their appreciation of the efforts of the citizens to relieve the distress of colored working people thrown out of employment, but expressing the opinion that it will be utterly impossible to sustain the needy, and urging the importance of government aid in the matter. They assert that ten thousand colored people will soon be dependent on the relief committee, and that \$10,000 per week will be required to furnish them with the bare necessities of life.

Justice Jones, of the county criminal court, held court and sentenced nearly all the prisoners in jail who pleaded guilty, to the chain gang where they will work on the roads in the healthy parts of the county. Several cases of fever have appeared in the county jail.

With a few exceptions the ministers of the city are nobly at their posts of duty. They are nearly all on the relief committees for the different wards. Prominent among them are Bishop West, Rev. Dr. Walter, Episcopal; Father Kenny, Catholic; Rev. Dr. Dodge, Presbyterian; and Rev. Mr. Sharp, of the Southern Methodist church. Sister Mary Ann is kept busy and all sisters of St. Joseph's are ever ready to nurse the sick and comfort the dying.

All hopes of ending the epidemic before frost appears is abandoned and the citizens have resolved to calmly and courageously confront the situation and do their duty nobly.

WASHINGTON, D. C., August 29.—Surgeon-General Hamilton said to-day in regard to the yellow fever in

### AN ABLE SPEECH.

#### Was That Delivered by Mr. Josephus Daniels, Before the Y. M. D. Club, Last Night.

Notwithstanding the inclement weather, quite a large body of our representative citizens were present at the meeting of the Young Men's Democratic club, at the court house, last night. The regular order of business was dispensed with, and Josephus Daniels, Esq., editor of the State Chronicle, Raleigh, addressed the assembly in a very favorable and entertaining speech of about an hour's duration. Mr. Daniels handled the political issue of the day with the skill of a veteran, and his denunciation of the Radical party and its misdeeds, was admirable and convincing. Mr. Daniels is yet a young man, and judging from his past we are led to predict a most brilliant and useful future for him. His ground in debate is always well chosen, and his arguments are nothing if not logical and undeniable. He made a happy hit at the court house last evening, and he fully merited the praise bestowed upon him by those who heard his very able speech.

A Parrot and Monkey Time.

The Republican senatorial convention of this district, we accidentally learned yesterday, meets at Marshall on Saturday next to name either Mr. Hardwick, Col. Lusk, Mr. Fox, Hon. A. H. Jones, Mr. Dolph Gudgeon or Mr. T. J. Candler as the nominee of that party. Of course we expect a parrot and monkey time of it, though the contest is said to be between Mr. Hardwick and Candler, with chances in favor of the Colonel, as the Asheville ring have decided that Mr. Candler is the better man, and that the honor, and Mr. Hardwick, the young mountain boy must stand back. The Asheville ex-revenue ring desire to soothe Mr. Lusk for having been beaten two years ago by Mr. Fox, Mr. Candler and others when an election was a certainty, and now they are determined to rush Mr. Lusk to destruction, if nothing else will please him. Mr. Hardwick and others, however, will be on hand to give animation to the contest.

On Saturday week, 8th inst., we are to have fun sure enough. The straight Republican convention of Buncombe county their most important business, like the bosses of the ex-revenue ring to nominate candidates for the various county offices. These bosses are making all sorts of appeals, and promises and pledges to those democrats who voted independently two years ago to come in then and join the republican party, but great heavens! how they do mistake the white men of this county. We white democrats can knock each other occasionally on family matters, but like the old woman and man when fighting and a neighbor undertook to interfere, turned and threatened each other, and democrats don't want any radical meddling with our family affairs. We will fight among ourselves, but will vote the white ticket in the election, and not go into conventions where the negroes are to do the yelling and name candidates who propose to turn North Carolina over to the party eighty per cent of whose numbers are negroes. We may look for a monkey and parrot time of it among our friends on the next two Saturdays.

### WE CONFESS SURPRISE.

Mr. Davis, whom Mr. Ewart is carrying around with him to "write him up" in their canvass, writes the 4-2 of this city that Mr. Ewart stated in his speech at Mills River that Mr. Cleveland had received Fred Douglas, a negro, at a social reception. Now we are not surprised at such a statement, but for "D" to say that Mr. Ewart's pretended decency and integrity to make such a statement we are surprised. He knows it is not the truth, and he knows he never heard it from reputable source. No one ever charged President Grant, Garfield or Arthur with receiving a negro at a social reception, neither of them did it, nor has Mr. Cleveland ever done it. No one but a radical ever did receive a negro on such terms, but no radical President ever did it. This is as dirty a falsehood as that other shameful lie told by the fellow whom the republicans have put up for the high and dignified office of Governor, to the effect that Mrs. Cleveland had received a negro at a social reception, and that she had received a decent white man, who can be honest, who is a republican or democrat, think of men—white men—who stoop to such falsehoods. The citizens' sanitary association, which has the social integrity of our own race is reaching a depth of political depravity not to be tolerated with patience. We are surprised at Mr. Ewart.
